Auditors' Review

To the Shareholders of

IMAGESAT INTERNATIONAL (I.S.I.) LTD.

Introduction

We have reviewed the accompanying financial information of ImageSat International (I.S.I) Ltd. ("the Company), which includes the condensed consolidated statement of financial position as of September 30, 2023 and the condensed consolidated statements of income, other comprehensive income, changes in equity, and cash flow for the nine- and three-month period then ended. The board of directors and management are responsible for the preparation and presentation of the financial information for these interim periods in accordance with International Accounting Standard IAS 34, Interim Financial Reporting, and are also responsible for the preparation of this interim financial information in accordance with Chapter D of the Israel Securities Regulations (Periodic and Immediate Reports), 1970. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of the review

We conducted our review in accordance with Israel Review Standard 2410 of the Institute of Certified Public Accountants in Israel, Review of Interim Financial Information by the Independent Auditor of the Entity. A review of interim financial information consists of making enquiries, primarily persons responsible for financial and accounting matters, and applying analytic and other review procedures. A review is substantially more limited in scope than an audit conducted in accordance with generally accepted auditing standards in Israel and consequently does not enable us to be certain that we are aware of all of the significant matters that could be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that this financial information has not been prepared, in all material respects, in accordance with IAS 34.

In addition to that stated in the paragraph above, based on our review, nothing has come to our attention that causes us to believe that the financial information does not comply, in all material respects, with the disclosure requirements of Chapter D of the Israel Securities Regulations (Periodic and Immediate Reports), 1970.

NOTE 1:- GENERAL

A. General description of the Company and its activity

ImageSat International (I.S.I) Ltd. and its subsidiaries ("ImageSat" or "the Company") provide advanced satellite-based intelligence solutions that combine remote sensing capabilities and control by an advanced ground system based on artificial intelligence capabilities. The Company was incorporated in Israel on January 26, 1999 as a limited private company. On September 7, 2000, the Company changed its name to ImageSat Israel Ltd. (previously West Indian Space Israel Ltd.) and on September 2, 2021 the Company changed its name to ImageSat International (I.S.I) Ltd. In February 2022, the Company made an initial public offering of its shares. For further details, see Note 1(d) on the 2022 annual financial statements.

- B. These financial statements have been prepared in condensed format as at September 30, 2023 and for the six and three months then ended ("the Interim Consolidated Financial Statements"). The financial statements should be read in the context of the Company's annual financial statements as at December 31, 2022 for the year then ended, and their accompanying notes ("the Consolidated Annual Financial Statements").
- C. The Company chose to apply the relief for publication of interim separate financial information allowed by the Amendment to the Regulations for Periodic and Immediate Reporting, 2022.
- D. Further to note 1(a) to the consolidated annual financial statements, on June 26, 2023, a series of in-orbit acceptance tests (hereafter "IOT") of the EROS C3 satellite (hereafter "the satellite") was completed and the satellite will begin to be integrated into the company's commercial activity. As of the end of the IOT, the satellite was classified from a property and equipment under construction to a property and equipment and began to be depreciated. As described in note 24(4) in the consolidated annual financial statements, the company paid the IOT a payment at the end of the IOT. The next payment will be paid 12 months from this date and therefore was classified as current liabilities in the statement of financial position. In addition to growth expectations in the business activity according to the company's estimates, the company is examining interim financing for making the said payments. Following the examination carried out by the company with several financial institutions, the management of the company believes that it will be able to obtain interim financing, as mentioned if required.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES

A. <u>Basis of presentation of the financial statements:</u>

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"). Furthermore, the financial statements have been prepared in conformity with the provisions of the Israeli Securities Regulations (Annual Financial Statements), 2010.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. Format of preparation of the Interim Consolidated Financial Statements

The Interim Consolidated Financial Statements have been prepared in accordance with International Accounting Standard IAS 34, Interim Financial Reporting, and in accordance with the disclosure requirements of Chapter D of the Israel Securities Regulations (Periodic and Immediate Reports), 1970. The accounting policy applied in the preparation of these Interim Consolidated Financial Statements is consistent with the policy applied in the preparation of the annual consolidated financial statements.

C. Functional currency and presentation currency

The presentation currency of the financial statements is the US Dollar.

D. <u>Initial adoption of amendments to existing financial reporting and accounting standards:</u>

Amendment to IAS 8, "Accounting Policies, Changes to Accounting Estimates and Errors":

In February 2021, the IASB issued an amendment to IAS 8, "Accounting Policies, Changes to Accounting Estimates and Errors" ("the Amendment"), in which it introduces a new definition of "accounting estimates".

Accounting estimates are defined as "monetary amounts in financial statements that are subject to measurement uncertainty". The Amendment clarifies the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors.

The Amendment is to be applied prospectively for annual reporting periods beginning on or after January 1, 2023 and is applicable to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period.

The application of the Amendment did not have a material impact on the Company's interim financial statements.

Amendment to IAS 12, "Income Taxes":

In May 2021, the IASB issued an amendment to IAS 12, "Income Taxes" ("IAS 12"), which narrows the scope of the initial recognition exception under IAS 12.15 and IAS 12.24 ("the Amendment").

According to the recognition guidelines of deferred tax assets and liabilities, IAS 12 excludes recognition of deferred tax assets and liabilities in respect of certain temporary differences arising from the initial recognition of certain transactions. This exception is referred to as the "initial recognition exception". The Amendment narrows the scope of the initial recognition exception and clarifies that it does not apply to the recognition of deferred tax assets and liabilities arising from transactions that are not a business combination and that give rise to equal taxable and deductible temporary differences, even if they meet the other criteria of the initial recognition exception.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (cont.)

The Amendment is effective for annual reporting periods beginning on or after January 1, 2023. In relation to leases and decommissioning obligations, the Amendment is applied commencing from the earliest reporting period presented in the financial statements in which the Amendment is initially applied. The cumulative effect of the initial application of the Amendment is recognized as an adjustment to the opening balance of retained earnings (or another component of equity, as appropriate) at that date.

The application of the Amendment did not have a material impact on the Company's interim financial statements.

Amendment to IAS 1 - Disclosure of Accounting Policies:

In February 2021, the IASB issued an amendment to IAS 1, "Presentation of Financial Statements" ("the Amendment"), which replaces the requirement to disclose 'significant' accounting policies with a requirement to disclose 'material' accounting policies. One of the main reasons for the Amendment is the absence of a definition of the term 'significant' in IFRS whereas the term 'material' is defined in several standards and particularly in IAS 1.

The Amendment is effective for annual periods beginning on or after January 1, 2023.

The above Amendment did not have an effect on the Company's interim consolidated financial statements. However, the Company is evaluating whether the Amendment will affect the disclosures of accounting policies in the Company's annual consolidated financial statements.

Amendment to IAS 12, "Income Taxes":

In May 2023, the IASB issued "International Tax Reform—Pillar Two Model Rules – Amendment to IAS 12" ("the Amendment") to clarify the application of IAS 12, "Income Taxes", to income taxes arising from tax law enacted or substantively enacted to implement the Organisation for Economic Co-operation and Development (OECD)/G20 Inclusive Framework on Base Erosion and Profit Shifting (BEPS) Pillar Two model rules (Pillar Two income taxes).

The Amendment introduces:

- (a) A mandatory temporary exception to the accounting for deferred taxes arising from the jurisdictional implementation of the Pillar Two model rules; and
- (b) Disclosure requirements for affected entities to help users of the financial statements better understand an entity's exposure to Pillar Two income taxes arising from that legislation, particularly before its effective date.

The mandatory temporary exception in (a) above – the use of which is required to be disclosed – applies immediately. The remaining disclosure requirements apply for annual reporting periods beginning on or after January 1, 2023, but not for any interim periods ending on or before December 31, 2023.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (cont.)

The application of the Amendment did not have any impact on the Company's interim consolidated financial statements since the International Tax Reform does not apply to the Group whose annual revenues are less than €750 million.

NOTE 3:- DISCLOSURE OF NEW IFRS APPLICATION

Amendments to IAS 7, "Statement of Cash Flows", and IFRS 7, "Financial Instruments: Disclosures":

In May 2023, IASB issued amendments to IAS 7, "Statement of Cash Flows", and IFRS 7, "Financial Instruments: Disclosures" ("the Amendments") to address the presentation of liabilities and the associated cash flows arising out of supplier finance arrangements, as well as disclosures required for such arrangements.

The disclosure requirements in the Amendments enhance the current requirements and are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The Amendments are effective for annual reporting periods beginning on or after January 1, 2024. Early adoption is permitted but will need to be disclosed.

The Company believes that the Amendments are not expected to have a material impact on its consolidated financial statements.

Amendments to IAS 21, "The Effects of Changes in Foreign Exchange Rates":

In August 2023, the IASB issued "Amendments to IAS 21: Lack of Exchangeability (Amendments to IAS 21, "The Effects of Changes in Foreign Exchange Rates")" ("the Amendments") to clarify how an entity should assess whether a currency is exchangeable and how it should measure and determine a spot exchange rate when exchangeability is lacking.

The Amendments set out the requirements for determining the spot exchange rate when a currency lacks exchangeability and provide the disclosure of information that enables users of financial statements to understand the impact of a currency not being exchangeable on the entity's financial performance, financial position and cash flows.

The Amendments apply for annual reporting periods beginning on or after January 1, 2025. Earlier application is permitted, in which case, an entity is required to disclose that fact. When applying the Amendments, an entity cannot restate comparative information. Instead, when the entity concludes that the foreign currency is not exchangeable at the beginning of the annual reporting period in which the Amendments are first applied (the initial application date), the entity should translate affected assets, liabilities and equity as required by the Amendments and recognize the differences as of the initial application date as an adjustment to the opening balance of retained earnings and/or to the foreign currency translation reserve, as required by the Amendments .

The Company believes that the Amendments are not expected to have a material impact on its consolidated financial statements.

NOTE 4:- SIGNIFICANT EVENTS DURING AND AFTER THE REPORTING PERIOD

A. As of Sep 30, 2023, the company has a debt balance to a related party in the amount of \$2.7 million.

B. "Haravot barzel" war

As of the date of publication of the report, the State of Israel is at war in Gaza and other arenas, as a result of the terrorist attack made by the Hamas organization against the State of Israel (hereinafter: the war) on October 7, 2023. It should be noted that since the outbreak of the war, the company has maintained its operational routine and business activities and regularly monitors developments. As with the entire economy, the war has created several challenges, among other things, from recruitment of employees in the various departments of the company, which affects, among other things, the progress of development activities and readiness systems; Logistical difficulties in reaching the customers' sites; Negative geopolitical effects in some of the company's target markets and more.

As of the date of this report, the company has no indication that there is a material impact of the war on the company's business, but nevertheless, it is not possible to predict the duration of the war or the extent of the future effects of the war, if any, on the company's activities and business results. The company maintains a routine of activity, under the limitations described above, and continuously monitors the developments, including examining the consequences for the company's activities.
